

Atlas SmartFold

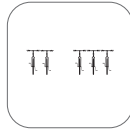

■ Robust and reliable

With the Hapro Atlas SmartFold, every adventure begins with ease and confidence. Its fully foldable construction makes the carrier surprisingly compact and easy to handle, while the robust design ensures stability and a secure feeling, even with heavy e-bikes. Thanks to the user-friendly Easy-Grip mounting system, the carrier sits firmly on the towbar in no time, so you're ready to go within minutes.

With its thoughtful construction and smart operation, the SmartFold is designed for anyone who values reliability, convenience and a carrier that's built to withstand demanding use.

Number of bikes

The Hapro Atlas SmartFold is available for 2 and 3 bicycles.

Fully foldable

The Hapro Atlas SmartFold is fully foldable, making it very easy to mount on the towbar and compact to store.

Suitable for e-bikes

With a maximum load of 60 kg, the SmartFold offers a high carrying capacity. Thanks to the wide wheel holders and the long adjustable quick-release straps, you can easily secure almost any bike.

Frame holders

The repositionable frame holders keep every bike firmly in place and feature soft rubber protection and a lock on each frame clamp.

Tiltable

The Hapro Atlas SmartFold is tiltable, giving you access to the boot without removing the bikes from the carrier.

Easy-Grip mounting system

The SmartFold is equipped with the convenient Easy-Grip mounting system. The carrier can be easily adjusted and mounted using the lever and adjustment knob. The mounting system includes a lock for theft prevention.
